[Project "anonymity and unobservability in the Internet"- *psu.edu \[PDF\]](#)

O Berthold, H Federrath, M Köhnopp - Proceedings of the tenth conference on Computers, ..., 2000 - portal.acm.org

... Each Mix removes one layer. **Link-to-link encryption** between Mixes is not sufficient in order to prevent insider attacks. Prevention of message volume attack. ...[Cited by 121](#) - [Related articles](#) - [All 17 versions](#)[\[PDF\] *Security in public mobile communication networks](#)

H Federrath, A Jerichow, D Kesdogan, A ... - ... ZEITSCHRIFT-TECHNISCHEN UNIVERSITÄT ..., 1995 - Citeseer

... But, for example, systems of the GSM standard use only **link-to-link encryption** at the radio interface to protect user data. ... 109 2.1.2.1 **Link-to-Link Encryption** ...[Cited by 29](#) - [Related articles](#) - [View as HTML](#) - [BL Direct](#) - [All 16 versions](#)[Security mechanisms in high-level network protocols- *psu.edu \[PDF\]](#)

VL Voydock, ST Kent - ACM Computing Surveys (CSUR), 1983 - portal.acm.org

... It goes on to discuss relevant properties of data **encryption**, the funda- mental ... It continues to pass from **link to link** in the subnet until it arrives at the ...[Cited by 340](#) - [Related articles](#) - [All 18 versions](#)[Sleepy watermark tracing: An active network-based intrusion response framework- *psu.edu \[PDF\]](#)

X Wang, DS Reeves, SF Wu, J Yuill - Trusted information: the new decade challenge: IFIP ..., 2001 - books.google.com

... bidirectional, Routers are trust worthy and hosts are not trust worthy, Each host has a single SWT guardian gateway and There is no **link-to-link encryption**. ...[Cited by 82](#) - [Related articles](#) - [All 25 versions](#)[\[PDF\] *A transport layer abstraction for peer-to-peer networks](#)

RA Ferreira, C Grothoff, P Ruth - Proceedings of GP2PC, 2003 - Citeseer

... The core is respon- sible for **link-to-link encryption**, binding of node identities to routable addresses, and peer discovery. This ...[Cited by 10](#) - [Related articles](#) - [View as HTML](#) - [All 19 versions](#)[Internet-based automatic publishing system](#)

D Herr-Hoyman, L Hubert - US Patent 5,727,156, 1998 - Google Patents

... In a preferred embodiment, public 5 key **encryption** is used, wherein client 44 requests and receives from server 18 a public key for the **encryption** session. ...[Cited by 53](#) - [Related articles](#) - [All 3 versions](#)

[PDF] • [The implication of the next-generation wireless network design: cellular mobile IPv6](#)
HC Chao, YM Chu, MT Lin - IEEE Transactions on Consumer Electronics, 2000 - ce.sejong.ac.kr
... IP Encapsulating Security Payload Header to **encrypt** the contents of a packet that
can ... by its care-of-address, as the mobile node moves from **link to link**; b. in ...
[Cited by 21](#) - [Related articles](#) - [Bt Direct](#) - [All 7 versions](#)

[A hypermedia database to manage World-Wide-Web documents](#)

S Foo, EP Lim - Information & Management, 1997 - Elsevier
... EP Lim Information Management 31 (1997) 235249 237 security, **encryption** techniques,
and ... Users navigate around the hyperspace by moving from **link to link**, or by ...
[Cited by 16](#) - [Related articles](#) - [All 4 versions](#)

[PDF] • [Tracing based active intrusion response](#)

X Wang, DS Reeves, SF Wu - Journal of Information Warfare, 2001 - Citeseer
... Routers are trust worthy and hosts are not trust worthy, • Each host has a single
SWT guardian gateway and • There is no **link-to-link encryption**. ...
[Cited by 22](#) - [Related articles](#) - [View as HTML](#) - [All 6 versions](#)

[PDF] • [Review of network-based approaches for privacy](#)

R Song, L Korba - Proceedings of the 14th Annual Canadian Information ..., 2002 - Citeseer
... case from outsiders. Note that the **link-to-link encryption** between nodes
is not sufficient in order to prevent insider attacks. ...
